

## Thank You and Happy New Year!

As the founder of Excellence Academy I am truly honored because I can share together with You these achievements of Bosnian youth.

I truly hope that we will continue to share and spread together value of excellence (Lat. *Excellentia*) through our every day learning, activities and professions and I sincerely hope that our acts and deeds will penetrate our communities with Dialogue and Understanding which are the two foundational pillars of spreading the goodness.

*Thank You!* I wish You Happy New Year fulfilled with success, health, peace, gratitude and blessings.
